Scene from "Officer 666," at the Lyric Theatre, one night only, Wednesday, September 27th, 1916.

CITY COUNCIL

The regular meeting of the City Council necessary to build a buttress to protect the bank of the creek on 3rd St. N. at the end of Poplar Street. The last with His Worship the Mayor in the chair and Aldermen Lord, Johns, Collier, Galbraith and Campbell in attendance.

CORRESPONDENCE

Considerable correspondence was read regarding the sale of Treasury Notes to C. H. Burgess & Co., Toronto. They reported finally receiving the notes and the proceeds handed over to bank. Mr. Rapsey, manager of the Montreal Bank reported the amount of the Treasury Notes placed at the City's credit in Red Deer. The amount in full is \$53,625.00.

Wood, Gundy & Co., wrote notifying the Council of the war loan. The Secretary wrote in reply that the city had no sinking fund for investment.

T. S. Miller, secretary of the Sons of England local lodge, wrote thanking the City Council for use of City Hall for meeting of the Grand Lodge held here on September 14th.

William Piper addressed the Council with regard to what he claimed as an unjust assessment for frontage tax on lane in rear of his residence.

Moved by Ald. Galbraith and Lord that the complaint of Mr. William Piper, re frontage tax assessment on his property on the Hospital road will be referred to the Commissioners and to solicitors. Carried.

A. A. MacGregor, district superintendent of the C.P.R., forwarded the city plan of a small piece of property at the extreme western end of second street north, resting on the C.P.R. tracks, which he asked the city to transfer to the company along with other lands under the agreement of 1908 but which was overlooked.

Moved by Ald. Galbraith and Campbell that the communication of J. A. MacGregor, district superintendent C.P.R., Edmonton, re transfer of plot of land at western end of second street north and to solicitors, to report at the next meeting. Carried.

COMMISSIONERS' REPORT

W. R. Reeder, Parks Superintendent of Calgary, was here judging at the Horticultural Exhibition. We drove him around to see the parks, hospital grounds and city square and received much valuable advice as to improving these properties.

The receipts for attending to cemetery lots averages \$80 per lot. As the appearance of the cemetery is spoiled by some lots not being kept trimmed, we recommend that after this year the City under take to seed down and keep trimmed all lots in the cemetery.

A row of lots has been set aside for the burial of soldiers, four being laid there up to the present time. Unfortunately as time goes on there may be more. H. G. Stone has suggested that for the present no monuments should be allowed on these graves as it is possible that later a monument may be erected for all the soldiers buried there. It is very done only headstones: uniform in design should be placed at each grave. Probably a suggestion to the relatives of the soldiers will be submitted to have this idea carried out. If it meets with their approval we will take the matter up with the relatives.

The recent floods in the creeks have caused some damage to bridges. The worst bridge in Waskasoo Park went over the bridge on Ross St. was damaged and the abutments on the A.C.R. bridges south of Pipers were damaged. The roadway to Grandview from the Mithewer Hill was badly washed out and the creek banks damaged at different places. The roads and streets have kept up well under the heavy rains. Foreman Jones is repairing the Ross Street bridge by putting additional beams underneath and the two C.B. bridges within the limits have been repaired. It will be necessary to build a new culvert across the creek on the road to Grandview. We submit estimates on the cost of this. It will also be

Leslieville

Mrs. Geo. Johnston, of Leslieville is still dangerously ill.

Many will be pleased to learn that our popular preacher, Mr. McCollum, will be permitted to remain with us for some time.

Mr. and Mrs. Averill, sr., left last week for Miami, U.S.A. Considerable damage was done by hail on Friday. Mr. H. McMillan was completely hauled out.

Mrs. March, who has been visiting Mrs. A. W. Marshall, received word last week that her mother was seriously ill in Calgary. She returned to that city on Saturday.

Miss Bertha Heilly arrived home from Olds where she has been visiting her sister, Mrs. H. Aikens, for the past two months.

Quite a number of the soldiers are home on furlough. Sergt. Cass, Lance Corporal Whitworth, Pte. Ensign, Wright, McCannochie, Rodgers, Christian and Malcolm are a few of the number.

Notice of Mortgage Sale By Private Tender

Pursuant to the directions of the Registrar tenders will be received by the undersigned up to the last day of October, 1916 for the purchase of Lots Fifteen (15) and Sixteen (16), in Block Ten (10), Plan 2266-A-2, Red Deer West situated on the West side of Third Avenue.

For particulars, terms and conditions of sale apply to
PAYNE & GRAHAM,
Barristers, Red Deer, Alberta.
Approved
W. A. DEYL,
Deputy Registrar.
Sept. 4, 1916

Notice

"It has been decided to extend protection during the harvesting and threshing season to all homesteaders who may apply for leave to engage in such operations. This does not, however, include the holders of unperfected proxy homesteads.

Entrants may apply direct to the Secretary, Department of Interior, Ottawa, or through the Agent of Dominion Lands for the District, for this permission.

Absence from the homestead while engaged in harvesting operations cannot be allowed to count as residence duties."

Letters From The Front

Gordon Meltraith writes:-

"Somewhere in England," Rishoro Barracks, Shorncliffe Camp, Canadian Machine Gun Depot, Aug. 13, 1916
Dear Dad:-What do you think of the address at the top of the page? Some class to it. I suppose you will have received my letter of a few days ago and will be prepared to hear of our change transfer to the above place. We like our new place fine, far better than our former camp at Westhanger. We are stationed in the barracks formerly used by the West Kents a permanent regiment in peace times. You can imagine what kind of a place it is. We have iron cots to sleep on with pelisses bolsters and our own blankets and also boxes with a 12-8 and key to keep our equipment in and a double shelf for boots, etc. Gee, but it's a good place and good grub too.

We are within ten minutes walk of Mrs. Oliver and live minutes of the remains of the 12th C.M.R., the 96th Battalion are in the next barracks to us and Bill Mahen is within ten minutes walk from us. Folkestone is a mile and a half from here so we are jake.

I suppose you will wonder why we transferred to here instead of sticking with the 8th. Owing to our officers leaving us and men getting transferred we could only muster 600 men on a parade so the Colonel couldn't hold us as a unit, but had to split us up.

They were going to pick out 400 for drafts for a M.G. Batt. (50th) and send the rest of the Batt to the 98th Batt. The 98th is about the worst Batt. that ever struck England, so naturally we didn't want to go to them. All the Red Deer bunch stepped out when volunteers were called for and were transferred to here; 300 were picked out on Thursday and on Saturday marched to this place, leaving the 8th perhaps for ever.

Before I pass on I must tell you about our leaving camp. We fell in at one o'clock and were inspected by our Captain (Trueman) and a couple of Lieutenants, also Sgt.-Major and three sergeants. After inspection they came around and bade us goodbye. The old Sgt. Major told us that we weren't a bad bunch of "kiddies" after all and he was sorry to see us go, as we could see our selves. Then the Regimental Sgt.-Major bade us goodbye and said that somebody had to leave the Batt. first and he was glad to think of the way in which we had volunteered so readily and anxious to do our duty.

The Colonel made a very nice speech to us as we were about to move off and he said that he had tried his best to keep us together but the authorities thought otherwise so he had to obey orders but he said he would try his best to get us back together. The boys gave him three cheers which affected him deeply and as we were marching through the gate the rest of the boys sure did cheer us, so loud that we couldn't hear the band which was leading us. The officers and sergeants are jake here, that is as far as we have seen them, and are willing to help you anyway they can.

Excuse me for dwelling so long on our change of camps, but as that is all the news we have you can't easily understand how eagerly we grab at it.

Received a letter from Charlie Williamson yesterday enclosing his picture. You couldn't recognize him by it or else he must have changed a deuce of a lot. His Batt. (54) has left for France last week sometime, so I guess he will be having some fun with the French now. Don't know where Walter is unless he's still at "Whitty Camp."

Canada in Flanders

Review of Sir Max Aiken's Splendid War Book

I have been asked by the Editor to give a short article on a book recently written by Sir Max Aiken entitled "Canada in Flanders."

I have read the book with a very keen interest. The part that Canada has done and is doing in defeating the cause of the Allies shines out in every page.

The Armada which left our Canadian shores on October 3, 1914, carried the largest army that ever crossed the Atlantic at one time.

The story of valor and heroism which marks our Canadian soldiers has been well told in the book. But it can never be fully told. Many whose career shines with splendid records of heroism, never to be related to the world, lie beneath the sod of Northern France and in Belgium.

The first contingent that left our shores was marshalled partly by the spirit of adventure, but more by the spirit of sacrifice and patriotism; and this spirit in its turn was begotten of the deepest emotions of the Canadian people—their love of country, its passion for liberty, and its reverence for right.

The manner in which our boys have behaved during the agonies of trench life, the rigors of winter, and the annoyance of inclement weather—the spirit of endurance, courage and wiliness which they have displayed in the face of these things proclaim them to the world as troops of the finest quality.

The manner in which our boys have behaved during the agonies of trench life, the rigors of winter, and the annoyance of inclement weather—the spirit of endurance, courage and wiliness which they have displayed in the face of these things proclaim them to the world as troops of the finest quality.

Of the lofty esteem in which our Canadian soldiers are held we have examples in the words of Sir Robert Borden and Major General Hughes. (fore returning to England, having listed the soldiers in France, Sir Robert Borden sent the following message to General Alderson: "The fine spirit of the Canadian Division, and their evident efficiency for the great task in which they are engaged very deeply impressed me. It was a great privilege to have the opportunity of seeing them, and of conveying to them, from the people of Canada, a message of pride and appreciation."

The following words are part of Sir Major General Hughes' message to the troops on leaving Liverpool for Canada, having seen the Canadians at the front:

"When these troops left Valcartier last year and sailed from Canadian shores, I took the liberty of predicting that when they met the foe they would give an account of themselves that would reflect honor upon the glorious Empire whose liberties we are all endeavoring to maintain."

"The highest predictions have been more than fulfilled."

"I am leaving you all more than proud of our gallant boys."

No one in whose veins runs the blood of Canadian patriotism can read the book without feelings of emotion rising to express themselves in tears; and one feels prouder than ever of the brave men who have gone to engage in the greatest battle of history, and to defend those principles which are as important to the Freedom of Canada as they are to the Freedom of Europe.

The graveyard of Canada in Flanders is large. Those who lie there have left their mortal remains on a alien soil. But their glory and fame have been bequeathed to Canada, to shine with brilliance in the splendor of her future history. Of those who grand a cause and lie beneath the soil of Flanders we can say:

"On Fame's eternal camping ground Their silent tents are spread, And Glory guards with solemn round The bivouac of the dead."

REV. L. ELGIN BROUGHL

Suddenly Called

Mr. Henry Hart, of Crossroads, has received the sad news of the sudden death of his brother Jack, at Seattle Washington, on July 22nd. He was married in November last. His wife will receive the sympathy of his many friends. The deceased was 42 years old. He left Red Deer sixteen years ago, and was well-known here. He was ailing for some time, and had eaten a hearty meal. After smoking and reading a short time he was taken with a severe pain in his head. His wife went next door for a doctor and on their return found him unconscious. Their assistance was of no help and he passed away in a few minutes with a word. His cremation lies in Seattle.

Your Weekly Newspaper

PERHAPS you haven't been thinking about it---just taking for granted that \$1.00 a year is a right price for "The News," year after year, let other things cost what they may. But you are a reasonable being, and so can see that the price of a weekly newspaper should no more remain "fixed" year after year than the prices of such common things as

beefsteak	wheat	motor cars	sugar
eggs	lumber	coal	horses
potatoes	boots	clover seed	land

CAN you think of any other commodity except newspapers and their like whose price has remained unchanged and unchanging year after year? Why, then, should your newspaper's price remain forever the same---the same, for example, as when you could buy

a cord of wood for \$1.50
a bushel of wheat for 50 cents
a common fowl for 25 cents
a dozen eggs for 10 cents
a pound of butter for 12 cents
a cow for \$25.00

THE war has brought to a crisis a condition of things which has vexed publishers for years; the selling-price of their newspaper. It has sent prices of paper, ink, type and supplies skyward. It is costing us many more dollars a week now to produce "The News" than before the outbreak of war. Where do we get off at?---in the slang language of today. The answer is: we must get more for "The News." And so on and after October 15th, 1916, the subscription price of "The News" will be \$1.50 a year to Canadian and British post offices; United States \$2.00 a year; and to the Army Post Office, London, England, \$2.50 a year.

You are reasonable, and so we count on you to meet the necessities of the situation cheerfully. Three cents a week for your local newspaper---it is worth the price, is it not?

Less than the price of a "Smoke"

STRICKEN IN THE STREET

Completely Restored to Health By "Fruit-a-lives"

382 St. Valer St., MONTREAL.
"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 255 pounds to 160 pounds. Then several of my friends advised me to try "Fruit-a-lives". I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pains and Constipation were cured. Now I weigh 208 pounds. I cannot praise "Fruit-a-lives" enough". H. WHITMAN.
One a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Western Crop Estimated at 200 Millions

Alberta Leads in Yield Per Acre

Winnipeg, Sept. 12. — After a month of inspection, the Free Press estimates that the crop of the three prairie provinces at from 140,000,000 to 200,000,000 bushels. This is roughly 100,000,000 bushels for Saskatchewan, 30,000,000 bushels for Manitoba, and 30,000,000 bushels upward for Alberta, thus making the yield 12 bushels to the acre for Manitoba and 15 bushels to the acre for Saskatchewan. In Alberta there is no doubt that the bulk of the 1,500,000 acres in what is south of the main line of the Canadian Pacific railway and 25 bushels to the acre is a fairly conservative estimate for that province. It will probably run much higher, and may reach a 30 bushel average, adds the Free Press. No definite estimate of the yield could be made in the north owing to the very spotted conditions, but it is safe to assume that there will be sufficient out of the north to bring the yield of the province up to thirty-five or possibly forty million bushels.

GRADE UNSATISFACTORY

Continuing, the Free Press says: The grade of the crop will be unsatisfactory. The percentage of No. 1 northern in any of the provinces will be small, with the exception of Northern Alberta, where it should be heavy. There will be a considerable quantity of No. 2, but a great deal of the wheat which should, by right, be No. 2, will hardly make the grade on account of the lack of weight. Taking the yield at the smaller figure—170,000,000 bushels—and putting the price of the crop at grades against the high, it will be worth not less than 90 cents the bushel, or \$153,000,000. The oat crop is heavy in all of the three prairie provinces, the depreciation by frost in some districts being more a matter

of quality than of quantity. According to the government statistics there are in the three provinces 6,476,246 acres in oats, and it is fairly safe to assume a yield for this whole area of 40 bushels to the acre, which would give a total of 259,051,840 bushels.

BARLEY DISAPPOINTING

"Barley is a very disappointing crop in most sections. Manitoba is the largest producer of barley, and while her early barley was good, the late sown stuff suffered much from frost and in northern Alberta, which is perhaps the second largest barley producing district, it suffered considerably from frost. But even with these drawbacks, there is a very fair amount of barley, and while possibly a very small percentage will be fit for export, it is all good feed.

FLAX SMALL YIELD

"The total acre in flax for the three prairie provinces is very small, and practically all of the flax territory north of the main line of the Canadian Pacific railway is pretty late, and its reaching maturity is more or less doubtful; but south of the main line of the C.P.R. the flax is pretty good. Almost everywhere the straw is short, but where the flax has matured it is a good plump seed and will yield well. Probably nine bushels to the acre for the area seeded would be a fair estimate. "In all of the three provinces there is a great abundance of good hay. There is absolutely no shortage of feed anywhere so that, while the outlook is disappointing in view of the late promise in the early part of the season, there is no disaster as to crop in the Canadian west, and the outlook is distinctly good and business brisk in practically every western town."

Masqueraded as Man and Was Called to Colors

Woman's Strange History Revealed Through Operation of Conscription Act

London, Aug. 31 (By mail).—Called to the colors as a man, a woman who had masqueraded in male attire and pretended to be married to another woman so her husband could not find her, was forced to acknowledge her sex before the army medical board today.

Unhappily married six years ago, and her two babies dead, this woman left her husband and, so she could get work, masqueraded as a man and "married" her boarding-house keeper's daughter.

The circumstances of the marriage were astounding.

Having a real man sweetheart who had betrayed and deserted her, the husband's daughter faced real trouble. She told the man woman, who had confessed the disguise to her and her mother. So they were "married" and took a cottage in London. When the baby was born none of the neighbors suspected but that the "husband" was his father.

The "family" lived this way for four years and had it not been for the conscription act, the ruse might never have been discovered. Her plea for exemption from service on the ground of "indisposability" having failed, and facing a medical examination by the officials, she confessed.

FURTHER HARVEST LEAVE FOR SWEDISH

Ottawa, Sept. 10.—Strong pressure has been brought by military men not to grant leave, as it has interfered and is seriously interfering with training and entails large expense, but in deference to urgent requests from the west it has been decided to permit further extensions of harvest leave by officers commanding districts to troops not warned for overseas service where actual need exists. Representations received indicate high wages are being paid in the west and it has been decided that while further extensions may be granted up to October 20, such will be granted without pay and allowances. Commanding officers have been notified as above, and applications should be made to them. Numerous complaints have been received that men on leave are not actually employed, and it is hoped that this will be remedied by the conditions attached to further extension.

German Third Line of Defences Is Smashed By the British Drive

Village of Flers is Captured and the Outskirts of Martinpuich Are In Our Possession—Many Hundreds of Prisoners Taken.

London, Sept. 15.—The British in their offensive along the Somme have broken the German third line of defence and have taken the village of Flers, two miles north of Ghinchy, according to reports received by Reuters' Telegraph company today.

The British forces are also reported to have gained the outskirts of Martinpuich, a mile and a half east of Flers, the reports said.

The dispatch, dated at the British front in France, says:

"Today our troops in a great assault have broken through the enemy's third line of defence. It is reported that Flers is in our hands and that our infantry is advancing further toward Martinpuich (about two miles east of Ghinchy)."

"On our left, we are in the outskirts of Martinpuich and to the right we have moved forward along the whole line, encircling Highwood and occupying the main part of the Boiselleux wood."

"In several parts of the line the enemy is being backed to the next line of defence."

"Prisoners are coming in fast. About 500 are already in cages and others are being brought in."

WHEN IT STARTED

London, Sept. 10.—The British returned to the attack on the Somme front last night charging over a sector about six miles long. The war office announced today that they had advanced from 2,000 to 3,000 yards and were continuing to progress.

The attack was made along the whole British front over which the heaviest fighting has been in progress recently. The British advanced on the line from Boiselleux wood to the Combles and Ghinchy, to a point north of the Albert-Bapaume highway.

According to this morning's extensive offensive, the British last night drove forward southeast of Thiepval and captured about 1,000 yards of German trenches, including a strongly fortified position.

HEAVY LOSSES

London, Sept. 15.—Renewal of heavy fighting in Mesopotamia with the British on the offensive, is reported in a delayed official statement issued at Constantinople on September 15. The British are said to have lost 2,000 men in one engagement.

FRENCH ADVANCING

Paris, Sept. 15.—North of the Somme the French last night captured a sector of German trenches and advanced as far as the village of Rancourt, the war office announced today. On the Verdun front two German attacks were repulsed.

IN THE BALKANS, TOO

Paris, Sept. 15.—The Entente Allies have won a series of successes on the Macedonian front, the war office announced today. French, British and Serbian forces, operating at different points, have broken through the Bulgarian defences. The French have captured positions half a mile long, two miles north of Ghinchy, and a brilliant victory for the Serbians over the Bulgarians was scored after a battle lasting several days west of Lake Scutari, near the western end of the fighting front.

The British success was effected west of the Vardar, near the centre of the Eastern front, where they captured important positions. The lines forced by the French were to the east of the Vardar.

West of the Vardar the Serbians captured 21 cannon and a large number of prisoners, as yet uncounted. The Bulgarians, after their defeat, says the statement, retired for a distance of twelve miles.

THREE SUCCESSIVE RAIDS

Sofia, via London, Sept. 14.—Three thoroughly successful raids have been made against the Bulgarian positions along the lower course of the Balkan line, consists of a series of fortified villages east of the Struma, near the frontier.

The attacking battalion occupied two hills, beyond further upstream, Traichan, in the marshes, was seized and Serbian troops taken. The object of these demonstrations was not to capture positions to hold permanently, so after holding them for a short time until midnight the British withdrew to the right bank.

ITALIANS WINNING

Rome, via London, Sept. 15.—Capture by the Italians of Austrian positions on the Isarco front and in the Trentino near Monte Aurovas was announced officially today.

BULGARIAN RELIEF

London, Sept. 15.—An Exchange Telegraph dispatch from Sofia, says the victory won by the Serbians had occupied the Bulgarians to retreat. The Serbians are reported to have captured more than 20 field guns. They took the Bulgarian positions at Malanoff, northwest of Lake Odrav, the dispatch says, whereupon the Bulgarians retired to Vardar, Pina, the Bulgarians, also are said to be retreating from positions further south.

SANGUINARY DEFEAT

London, Sept. 15.—According to advices from a Swiss source, the Austrians have suffered another sanguinary defeat west of Kapiti Mountain, in the Carpathians, says a wireless dispatch from Vienna today.

COLD WEATHER STARTS

Petrograd, via London, Sept. 15.—Unchanged conditions along the front in Russia and Galicia are reported in today's war office statement. Cold weather setting in in parts of Turkish Armenia, where isolated encounters with Kurdish forces have occurred, says the statement.

Quebec Bridge Will Be Completed Within Year

Flaw in the Cast Steel Was Responsible for Disaster; Rolled Steel Will Be Used Next Time

Ottawa, Sept. 14.—The Quebec bridge will be completed within a year. The central span will be rebuilt upon the same plan as that which is at the bottom of the St. Lawrence, the hoisting apparatus will be the same, the same company will build it, and the same engineers will have charge.

C. S. Monserrat, chairman of the board of bridge engineers named by the government with H. P. Burdon, one of the members of the engineering board, had a conference with Premier Burdon and Hon. Frank Cochrane, minister of railways, today.

As a result of the conference the government board of engineers will be continued without change of personnel and will continue to inspect operations of the company in fabricating the material in the rolling mills and in assembling it at Sillery.

The engineers were able to assure the government that the St. Lawrence bridge company had an arrangement with the United States Steel company, which gave them the first call upon nickel steel, which is in great demand just now owing to the war. Therefore, before this time next year, there will be another bridge opening ceremony at Quebec.

ONE CHANGE TO BE MADE

Only one small but essential change will be made. The articulated shoe which carries the weight of the span and is just beneath each corner of the 650 foot central span was of cast steel. On the next essay it will be of rolled steel. In cast steel a flaw may lurk within the mass of metal, where it cannot be seen. Rolled steel squeezes out such flaws.

Mr. Burdon stated that the two cantilever arms were absolutely undamaged, though there was vibration when the central span was down, an examination of every point in the cantilever arms shows that not even the point was cracked, leaves taken show both cantilever arms are absolutely plumb. He also stated that this was the first time cast steel had failed under pressure. It is used for all bridge shoes, except, indeed, where cast iron, which has even less strength is employed. The shoes which carry the cantilever arms are of cast steel shoes, which crown the two great masonry piers on either side.

same shoe had carried the same span corner at full load for three months at Sillery and for more than an hour in position at the Quebec bridge. There must have been a steady change of stress in the cast steel of the shoe which came to a climax in collapse at 10.00 o'clock Monday morning. Had the shoe held six hours longer there would have been no disaster, for the span would have been raised to position, inverted into place and the shoes removed. The rolled shoe under the new span will eliminate repetition of this latest failure.

CANTILEVER ARMS ARE NOT DAMAGED

Mr. Burdon stated that the two cantilever arms were absolutely undamaged, though there was vibration when the central span was down, an examination of every point in the cantilever arms shows that not even the point was cracked, leaves taken show both cantilever arms are absolutely plumb. He also stated that this was the first time cast steel had failed under pressure. It is used for all bridge shoes, except, indeed, where cast iron, which has even less strength is employed. The shoes which carry the cantilever arms are of cast steel shoes, which crown the two great masonry piers on either side.

PROHIBITION HAD FAIR MAJORITY

Vancouver, Sept. 15.—At an early hour this morning the prohibition vote outside of Vancouver city, so far as counted, stood 6,271 for prohibition and 5,062 against. The vote in Victoria stood 2,533 for and 2,718 against. In New Westminster the vote stood 1,082 for and 845 against. In Vancouver the vote was 8,901 for and 4,508 against. Woman suffrage carried apparently in every constituency.

Isn't this a wonderful oven?

Convenient Drop Door Tested Thermometer Economy Flue System Walls of Nickelled Steel Ventilation

WHAT more could be added? Here is an oven you enjoy using. It saves your fuel, and helps you serve finer meals than you ever thought you would be capable of cooking.

- 1 The Convenient Drop Door shows how thoroughly every little need has been taken care of. When open it acts as a shelf for sliding vessels in and out of the oven. Even the handle serves a double purpose for it is notched so that the door can be left the least bit open when you want to cook the oven.
- 2 There is no guess-work about the heat of this oven. When the oven is right, the tested Kootenay thermometer tells you accurately.
- 3 And should the cooking bubble over the Kootenay oven is so easily cleaned. The quick-hot steel used in making the oven walls is heavily nickel-plated. No metal could be more sanitary, and rust proof.

- 4 But the saving of coal,—one of the natural reasons for the success of this wonderful range! The nickel-plated steel allows heat to penetrate into the oven very quickly, but it is the McClary asbestos-lined flue system that directs the heat twice around the oven and stops the usual wastage.
- 5 The ventilated oven carries off all cooking odors. You know what that means, no noxious or disagreeable odors around the house at meal times. Flues are aluminized and the coating on the steel linings resists rust.

The Gaetz-Cornett Drug and Book Company, Limited.

Mr. and Mrs. Geo. England spent a few days in Calgary last week.
"The Mummy and the Humming Bird" at the Lyric Friday night.
C. Leroube, C.P.R. ticket agent has been spending his holidays in Calgary.

Miss Lillian Elbert will be the soloist at the Methodist Church on Sunday evening next.

J. O. Latimer is on his way from Australia and will probably arrive at Vancouver the beginning of the week.
J. G. Gillespie, of Kamloops, formerly, Manager of the Imperial Bank was in the city a short time last week.

Another shipment of those famous Congoleum Art rugs has just arrived at the Best Furniture Co. Ask to see them.

F. J. Swanson, of Payne & Graham's office returned to the city after a flying visit to Montreal to see his mother.

Mrs. J. R. MacCrosbie and Mrs. M. J. Cutton will receive on Tuesday, September 26th, at the home of Mrs. MacCrosbie.

Mr. and Mrs. Bonnick, of Toronto, arrived in the city last week on a visit to their son, E. A. Bonnick and Mrs. Bonnick.

Edward Michener, M.P.P., spent a short time in B.C. after which he went on to Fresno, California, for a complete rest.

The Best Furniture Co. have just received a large consignment of assorted furniture, and are now busy placing it into stock.

The Salvation Army local corps will be celebrating their annual harvest festival Thanksgiving from September 20th to September 24th.

Frank's drawing books. Dent's "Lady of the Lake" and other literature. One year's writing tablets in stock at John McVicar's bookstore.

Pte. Harry Evans of "C" Co, 100th Battalion, Camp Hughes, left today to join his battalion. He expects to start for overseas in the near future.

Alex Melfae, of the North End grocery, has installed a phone in his store. Any one wanting first class groceries and fruit at reasonable prices call up 91—Goods delivered.

Commissioner and Mrs. Charles Swinton, of Winnipeg will visit Red Deer on October 15, 1916. A real treat is in store for the people of the city. Don't fail to hear Commissioner Swinton.

The Alexandra Club will hold a tea and sale of homemade cooking in the Women's Institute rooms corner of Gaetz and Ross, on Saturday next, 23rd of September, starting at 3 o'clock.

A social will be held by the members of the Sons of England Lodge, and their wives, in the Parish Hall this Wednesday evening at 9 p.m. Ladies meet at 7.45. All members are urged to be present and spend a pleasant evening.

The congregation of Knox Presbyterian church will hold their annual supper and concert on Monday, September 25th. Supper will be served from 6 to 8 o'clock in the church hall. The concert will begin at 8.30 in the church. Admission 50c; children under twelve—25c.

Special farewell services will be conducted by Mr. W. Eakin on Sunday, September 24th, as follows: St. Andrew's Presbyterian church, September 24th, at 11 a.m.; Cumberland School at 3.30 p.m. A hearty welcome is extended to all to be present at these closing services.

Mrs. Graham, of Lethbridge, Grand Worthy Matron of the order of the Eastern Star paid an official visit to Venus Chapter, Red Deer last evening. A very enjoyable evening was spent by the order. Refreshments were served and brief addresses were made by Worthy Matron Mrs. McBride and P.W. Matrons B. Fildes and Clare Stone. Mrs. Graham's address was listened to with great attention.

Mr. R. Jennings, manager of the Edmonton Journal, Mrs. Jennings and a lady friend motored to Red Deer Saturday last. Mr. Jennings reports the road a few miles north of Red Deer as the worst between Red Deer and Edmonton, in fact it was a public disgrace. Mr. Jennings said it was almost impossible to get through the mud holes, although the road may be better now. Mr. Jennings was reminded this was in Mr. Michener's constituency and the government was not very careful to repair roads in this riding.

S. Borland as manager of the City Transfer and Messenger Service, has opened an office at 7 Ross Street east and is now open for business. He will carry trunks, move furniture, carry messages, run errands of any kind, carry traps and cages, collect parcels and packages, distribute circulars, distribute hand bills, books, posters or samples, parcels checked and stored and any other business. Where a messenger boy will be of service. Mr. Borland should do a rushing business as there is an opening for this line of business.

The Rev. Dr. McQueen of Edmonton, will conduct the special anniversary services next Sunday, September 24th in the Presbyterian church, Red Deer. The people of the congregation will appreciate this as they realize that he is a very busy man at home, and that this year he is under the strain of having given his sons to the service of the King and Empire. One of them already made the supreme sacrifice of his life in the trenches. The old people of the church in town and country will be present; but the young people and the boys and girls ought to know the ministers who helped to lay the foundations in the early days of Western Canada and Dr. McQueen is one of these. Let the people do their part to make this a day of spiritual refreshing. Special Rally Day Service in the Sunday School at 3 o'clock. The theme for Rally Day is "Doing my Bit." All parents and children invited.

Mrs. Elina's mother was visiting her from Saskatoon last week.

Mrs. (Dr.) George returned from her visit to Calgary Saturday last. The Best Furniture Co. do picture framing and do it well. Their prices are reasonable.

Mr. and Mrs. N. A. Kilburn are spending a few weeks with friends at Provost, and Mrs. Dover are keeping house for them in their absence.

Mr. and Mrs. R. H. Woods of Eskville, and Mrs. James D. Stewart, of Nordegg, two bridal couples were passengers west on Wednesday's train.

D. Morkeberg has installed a pasteurizer in the Red Deer Creamery, and is open to buy your cream at highest prices, also poultry. See his advt. in another column.

Mrs. Macdonald, wife of Lieut. Macdonald of the 8th Batt., left for Harry Sound Saturday last where she will visit Lieut. Macdonald's relatives for several months.

Mrs. Pentland Lindsay, Regent of the Daughters of the Empire desiring to acknowledge on behalf of the Red Cross Committee, proceeds of Fine Lake school sports \$25.55, per Mr. Scott.

A special meeting of the W.C.T.U. will be held at the home of Mrs. Bickell on Friday, September 22, at 3.30. Final arrangements for the convention are to be made and a good attendance is requested.

From the Clive News-Record:—Mrs. Roy Wicknburg returned home on Saturday from Red Deer where she has been in hospital undergoing an operation. We are pleased to report her much improved in health.

Roy Cornett passed through a successful operation to his knee last week. The knee cap was split in three pieces which were wired together. He is now improving nicely and not suffering so much pain as last week.

Five hundred of the 9th Battalion left for France several weeks ago and were attached to the lighting 10th of Calgary, while others were kept in England. A number also joined the Machine Gun Battalion and are in training at Shoreham. Joe Edgington led his Battalion at the batts having the highest score of any of the men. He is with the others in France.

Miss Archer, of Japan, and Miss Spencer, of Honolulu, were the guests of Mr. and Mrs. Maxwell, a few days ago. They have just returned from those mission fields where they have been doing heroic service for the Church of England. They delivered short addresses to the members of the W. W. and Pleasant, all of whom were spent with them by the ladies of St. Luke's church.

The Soldiers Wives Club wishes to announce that they will hold a sale of work and ten cent tea the first week in November of which further notice will be given. The proceeds will be devoted to purchasing Christmas presents for the Red Deer boys in the trenches at the front. Any person, desiring to donate work or cooking will please communicate with Mrs. James Nordegg.

OFFICER 666

Officer 666, one of the best comedy dramas of recent production is coming to Red Deer, and will be seen at the Lyric Theatre on Wednesday, September 27. This play has been making a big impression in all theatrical centres and Red Deer is fortunate in obtaining the booking so soon.

The company presenting the play is made up of all stars. It is under the direction of W. B. Sherman and the members have been selected from the leading players of his many recent productions. His name, behind the play is a guarantee that it is one of the best companies now on the road. The players are led by James Guy-Usher who had the leading role in the recent big Canadian production of "The White Feather," well known in the west, and being well supported, the production here should create wide-spread interest.

Officer 666 enjoyed one of the longest runs ever given a show in New York. It will be shown here in its entirety, and according to previous press notices, local playgoers can expect something out of the ordinary.

RAM SALE

The annual sale and show of purebred rams, under the auspices of the Lacombe Wool Growers' Association, will be held at the Agricultural Society's grounds, Lacombe, on Thursday, October 5th. Rules and regulations and entry forms were mailed out last week by the Sales Manager, A. J. Cameron, and the number of entries this year is going to be large. A catalogue of the entries will be issued before the sale date and may be procured from Sales Manager. The show and judging takes place at 10 a.m. and the sale starts at 1.30. Andrew Gilmour has given a cash prize of \$5.00 for the best ram shown in each breed.

AEROPLANES WORK WITH GOOD EFFECT

Paris, Sept. 16.—"According to fresh information, in addition to the nine German aviators brought down Friday on the French front, six other enemy machines were damaged in encounters with our pilots and were compelled to descend within their own lines. Two of the aviators were killed.

"On Thursday night one of our aeroplanes dropped 100 bombs of 100 lbs. on the military camp and barracks at Pont Pavager and Betheniville. A large fire was caused at Pont Pavager. Each of the aeroplanes made two trips. On the same night the railway station at Conflant Jarry was bombarded with 174 bombs of 120 millimetres. A large number of bombs found their mark."
